

The Salters' Institute Porter Prize

SALTERS'
AWARDS
& ALUMNI

£3,000 funding available for
a summer research project

Candidates must:

- ✓ be a current undergraduate student, not yet in their final year of a chemistry, biochemistry or chemical engineering degree at a UK university
- ✓ have identified a research project and supervisor
- ✓ have a willingness and ability to participate in the Institute's activities and join our network of alumni

We will prioritise applications from students who meet one or more of the following criteria:

- Have been eligible for free school meals in secondary school
- Are care-experienced
