CHEMISTRY CHANGEMAKERS

Competition for 16 - 17 yrs

POSTER COMPETITION

WHAT IS CHEMISTRY CHANGEMAKERS?

The Salter's Institute believes that chemistry can change our world for the better.

Creating ways to reduce air pollution, provide sustainable energy, increase food security, and combat many health issues the chemical industry is at the fore-front of making positive impact within our communities.

New ideas make way for bigger change, and we are looking to you to come up with the next big thing in Chemistry!

Enter by Friday 20 January 2023 for a chance to win £150!

NEXT STEP

Choose a societal issue within your community that you wish to tackle from the themes below:

- Travel and Transport
- Homes and Habitats
- Health and Lifestyle

Then design an A3 poster explaining the issue, and creating a chemistry related solution.

Further guidance can be found on our website
